Primavera P6 Reporting with BI Publisher 11g

Duration: 2 Days

What you will learn

This Primavera P6 Reporting with BI Publisher 11g training is ideal for report-writers and administrators who use BI Publisher to generate P6 reports. Expert Oracle University instructors will teach you how to create data models or use existing models to build reports.

Learn To:

Create reports.

Build new data models.

Create and customize layouts.

Edit P6 sample reports, as well as existing reports.

Use BI Publisher with P6 Analytics.

Analyze the P6 Extended Schema.

Benefits to You

By enrolling in this course, you'll explore the P6 Extended Schema in detail, which includes an explanation of how to use the Oracle SQL Developer Data Modeler. A case study at the end of the course tests your ability to build reports.

Business Analysts
Project Manager
Reports Developer
